

Credit Term Policy for Business Partners.

The company has established credit management criteria as a standard and guideline for setting, reviewing, and ensuring transparency in credit management for business partners. Credit terms are determined to align with the operations between the company and its partners for each type of raw material. The details of the credit terms are as follows:

1. Fabric Suppliers: Credit Term of 30-120 days.
2. Lace Suppliers: Credit Term of 60-90 days.
3. Elastic Suppliers: Credit Term of 30-90 days.
4. Other Equipment Suppliers: Credit Term of 30-45 days.

In determining the credit terms for each partner, the company will take into account the nature of operations, business history, and other relevant suitability factors specific to each partner.

Effective from March 20, 2020.

(Mr. Bunchai Punturaumporn)

Chairman of Executive Committee

Actual average credit term in 2024

Type	Duration Criteria	Average Credit 2024
