

Quality policy

Sabina Public Company Limited is committed to creating products that meet customers' needs and deliver satisfaction. The company aims to produce excellent and high-quality products in compliance with the Thailand Trust Mark (T Mark) standards. Sabina has established a quality policy and communicated it to employees at all levels within the organization to ensure that the policy is implemented as follows.

“Both quality and delivery come first”

The company has established a quality management system in its operations, covering the inspection of raw materials, cutting processes, and sewing procedures to ensure that the products meet the specified requirements. The customer groups are classified as follows.

- Sabina customer group: Operates in accordance with quality standards derived from product research and development requirements.

- R&D, Design
- Develop Sample
- Fitting Sample
- P/T & Size Set Sample

- OEM customer group: Operates strictly in accordance with the standards specified by the customer.

Including a commitment to maintaining and continuously improving the quality management system.

Announced on August 1, 2020.

(Mr. Bunchai Punturaumporn)

Chairman of Executive Committee
